

ROHU training programme
“Improving healthcare services through innovative Romanian-Hungarian surgical ideas” - ROHUNOVATION

eMS code: ROHU 400

„Improving the skills of medical personnel by developing the abilities of using the robotic approach in surgical oncology”

Tuesday 28th of June 2022

Time	Title of presentation	Speaker
8.30-9.00	The Role of Endoscopic diagnostic of colo-rectal cancer	Invited speaker
9.00-9.30	Neoadjuvant therapy in oncologic treatment for colorectal cancer, the timing of surgical intervention	Dr. Georgiana Moisa
9.30-10.00	The role of robotic surgery in colo-rectal cancer treatment	Prof. Dr Ciprian Duta
10.00-10.30	Robotic surgery today, components, instruments	Dr. Cristi Tarta
10.30-15.00	Operating room demonstration	Prof. Dr. Ciprian Duta Dr. Vlad Braicu

Wednesday 29th of June 2022

Time	Title of presentation	Speaker
8.30-9.00	Gastroenterology diagnostic and treatment for eso-gastric cancer	Invited speaker
9.00-9.30	Actual guidelines for neoadjuvant treatment for eso-gastric cancer	Dr. Georgiana Moisa
9.30-10.00	The role of minimal invasive treatment for eso-gastric cancer	Prof. Dr. Ciprian Duta
10.00-10.30	Technical considerations in robotic surgery for eso-gastric cancer	Conf Dr Amadeus Dobrescu
10.30-15.00	Operating room demonstration Robotic surgery , XI simulator, Robotic dissecting, suturing, anastomoses	Dr. Gabi Verdes Dr. George Noditi

Thursday 30th of June 2022

Time	Title of presentation	Speaker
8.30-9.00	The actual standard algorithm for diagnostic in pancreatic cancer	Invited speaker
9.00-9.30	Robotic Distal Pancreatectomy	Dr Dan Brebu
9.30-10.00	Robotic Cephalic Pancreatectomy	Prof. Dr. Ciprian Duta
10.00-15.00	Operating room demonstration Robotic surgery , XI simulator, Robotic dissecting, suturing, anastomoses	Dr. Alexandru Isaic Dr. Vlad Braicu
